Division of Finance and Budget

March 7, 2023

Dr. Barry Dunn
President
South Dakota State University

Dear Dr. Dunn:

I am pleased to present the Annual Financial Report of South Dakota State University for the year ended June 30, 2022. These reports are presented in accordance with standards issued by the Governmental Accounting Standards Board (GASB) and provide a comprehensive view of financial operations.

Consistent with GASB principles, the South Dakota State University Foundation is reported as a component unit of the University. The Foundation's financial statements, audited by an independent certified public accountant, are included in this report and relationships between the University and the Foundation have been disclosed in the notes to the financial statements.

All state fund expenditures are under the continuous pre-audit control of the State Auditor and all accounts are under the post-audit control of the Auditor General.

Sincerely,

A handwritten signature in blue ink that reads "Michael Holbeck".

Dr. Michael Holbeck
Vice President of Finance and Budget

**SOUTH DAKOTA STATE UNIVERSITY
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022**

INTRODUCTION AND USING THE FINANCIAL STATEMENTS

The following Management’s Discussion and Analysis (MD&A) provides an overview of the financial position and activities of South Dakota State University (SDSU or the University) for the fiscal years ended June 30, 2022, 2021, and 2020. The MD&A is intended to foster a greater understanding of SDSU’s financial activities. Since this presentation includes summarized formats, it should be read in conjunction with the accompanying financial statements and notes. The accuracy of the discussion and analysis, financial statements, and note disclosures are the responsibility of management.

SDSU is one of six public universities under the control of the South Dakota Board of Regents (BOR), reported as a component unit in the State of South Dakota’s (the State) Annual Comprehensive Financial Report. The University’s financial statements are prepared under the accrual basis of accounting and provide a comprehensive view of financial operations. The financial statements include the Statements of Net Position; Statements of Revenues, Expenses and Changes in Net Position; the Statements of Cash Flows; and accompanying notes; all prepared in accordance with the principles of the Governmental Accounting Standards Board (GASB).

Consistent with the GASB principles, the South Dakota State University Foundation (the *Foundation) is considered a component unit of the University. The accompanying financial report includes the Foundation’s Consolidated Statements of Financial Position, Consolidated Statements of Activities, Consolidated Statements of Cash Flows, and Notes to the Consolidated Financial Statements. The Foundation’s financial statements are reported separately and are not consolidated with the University. The relationships between the Foundation and the University is described in Note XII Related Parties.

SDSU is the State's largest, most comprehensive higher-education institution. The University was founded as a land-grant institution in 1881, by the Dakota Territorial Legislature and is governed by the South Dakota Board of Regents. The land-grant heritage and mission have driven special focus on academic programs in agriculture, engineering, nursing, and pharmacy, as well as liberal arts. The South Dakota Agricultural Experiment Station was established and linked to the University in 1887 under the federal Hatch Act to conduct research that “concerns agriculture and the home.” In 1914, SDSU Extension was added by the Smith-Lever Act to “provide information to the people of the State.” Both the Agricultural Experiment Station and SDSU Extension are administered by the College of Agriculture, Food and Environmental Sciences.

SDSU continues to be a front-runner in research, with faculty providing scientific leadership in various research centers, including: North Central Regional Sun Grant Center, Geospatial Sciences Center of Excellence, Biosystems Networks and Translational Research (BioSNTR), South Dakota Center for Biologics Research and Commercialization, South Dakota Biofilm Science and Engineering Center, and the Dakota Bioproducts Innovation Institute.

**SOUTH DAKOTA STATE UNIVERSITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022**

INTRODUCTION AND USING THE FINANCIAL STATEMENTS (CONTINUED)

The University offers more than 180 undergraduate programs and over 50 graduate programs, with global outreach to over 800 students from more than 80 different countries and many study abroad options. Currently our partner universities are in Sweden, France, Norway, Canada, England, and the United Kingdom.

Rich academic experience is offered in an environment of inclusion and access through inspired, student-centered education, creative activities and research, innovation, and engagement that improve the quality of life in South Dakota, the region, the nation, and the world. The University's core values include:

People-Centered: We recognize leadership is derived from service to others. We are committed to creating a culture where all thrive and are supported on their own personal and professional paths toward lifelong learning, growth, and leadership.

Creativity: Creativity is our cornerstone to expand knowledge, develop human understanding, and enrich quality of life. We believe that education and research/scholarship/creative activity reinforce one another, and the best academic programs bring innovative teaching and rigorous research together.

Integrity: We act with organizational and personal integrity, through honest interactions, professionalism, transparent and accountable decision-making, and respect for others.

Diversity: We are committed to diversity of community and ideas. We believe in a supportive, inclusive, collaborative, and cohesive environment with a focus on access. We actively seek collaboration, and we respect individuals with differing perspectives, backgrounds, and areas of expertise.

Excellence: Excellence is achieved through continuous improvement, assessment, and accountability. We embrace bold action and adapt to an ever-changing environment. Individually, we are experts at what we do. Collectively, our impact is even greater.

FINANCIAL HIGHLIGHTS

Statements of Net Position

The Statement of Net Position presents types and amounts of assets available to support operations and strategic goals, amounts owed, and the University's net position categorized by unrestricted and types of restrictions. This statement is one way of measuring the University's financial position and provides an indicator of the improvement or erosion of the financial health which should be considered along with non-financial facts such as enrollment levels and the condition of facilities.

Liabilities			
Current Liabilities	36,750	31,854	32,235
Non-Current Liabilities	160,082	170,773	184,974
Deferred Inflow of Resources	693	744	0
Total Liabilities	197,525	203,372	217,209
Net Position			
Net Investment in Capital Assets	476,941	466,522	442,063
Restricted	12,366	9,291	13,633
Unrestricted	60,226	57,743	43,101
Total Net Position	549,534	533,557	498,797
Total Liabilities & Net Position	747,059	736,929	716,006

The University's financial position improved during fiscal year 2022 as seen by the \$16.0 million increase in net position. Total assets increased \$10.1 million, or 1.4 percent, and total liabilities decreased \$5.8 million, or 2.9 percent, during fiscal year 2022. The University maintained its stable financial position with the current ratio of 2.98, compared to 3.21 at June 30, 2021. The strong current ratio is an indicator of good liquidity and the ability to meet short-term obligations.

<i>(In thousands)</i>	2022	2021	2020
Current Assets	109,582	102,100	91,207
Less: SDBA Receivable	0	0	4,115
Adjusted Current Assets	109,582	102,100	87,091
Current Liabilities	36,750	31,854	32,235
Current Ratio	2.98	3.21	2.70

Current assets increased \$7.5 million due to increases in cash and cash equivalent (\$2.3 million), prepaid expenses (\$3.0 million), and accounts receivable-department sales (\$1.3 million).

FOR THE YEAR ENDED JUNE 30, 2022**

FINANCIAL HIGHLIGHTS (CONTINUED)

Statements of Net Position (Continued)

Non-Current Assets decreased due to the reduction of student loans, primarily the discontinued Perkins loan program, and is reflected in Notes Receivable (\$1.0 million).

The most significant change occurred within Capital Assets. Capital assets increased \$3.7 million driven by an increase in Building and Building Improvements of \$31.4 million, a combined increase in the other areas of 9.2 million and offset by \$36.9 million decrease in Construction in Progress.

<i>(In thousands)</i>	2022	2021	2020	Increase AMOUNT	(Decrease) PERCENT

FINANCIAL HIGHLIGHTS (CONTINUED)

Statements of Net Position (Continued)

Construction in Progress on June 30 includes:

<i>(In thousands)</i>	2022
Lincoln MusicHall Renovation	6,722
Stanley J. Marshall	3,866
Berg Ag Hall	2,511
Pierson Hall Renovation	1,513
Landscaping & Utility Improvements	1,501
Individual Projects Less Than \$1Million	2,799
	18,912

Total Liabilities decreased \$5.8 million in fiscal year 2022, significant changes occurred in Accounts Payable (\$4.0 million increase), Revenue Bonds Payable (\$7.5 million decrease), Obligations under Financed Capital (\$1.7 million decrease), and Federal Capital Contribution (\$1.1 million decrease). The University continues to monitor the cash flow and identify opportunities to demonstrate prudent stewardship of funds.

Accounts Payable fluctuate year over year, depending on construction projects occurring around June 30. The timing of grant receipts varies at year end depending on available funding sources.

A significant portion of the liabilities is debt related to capital assets. In fiscal year 2022, debt related to bonds made up 52.1% of the total liabilities while obligations under capital leases accounted for 23.6%. Other accrued liabilities represent an obligation to SDSU Foundation related to property acquisition.

FINANCIAL HIGHLIGHTS (CONTINUED)

Statements of Net Position (Concluded)

The University's net position increased by \$16.0 million to \$549.5 million, of which \$476.9 million is net investment in capital assets and \$12.4 million is restricted. Renewals & Replacements (for auxiliary buildings as required by bond covenants) continues to be a substantial portion of Restricted Net Position. The remaining \$60.2 million of unrestricted net position is for the University's educational/general operations or maintenance and future acquisition of plant facilities at the discretion of governance. The unrestricted net position is not subject to externally imposed restrictions

<i>(In thousands)</i>	2022	2021	2020
Net Investment in Capital Assets	476,941	466,522	442,063

FOR THE YEAR ENDED JUNE 30, 2022**

FINANCIAL HIGHLIGHTS (CONTINUED)

Statements of Revenues, Expenses, and Changes in Net Position

The Statement of Revenues, Expenses, and Changes in Net Position presents revenues earned and expenses incurred during the year. Consistent with GASB principles, revenues and expenses are reported as either operating, non-operating, or other. Operating revenues and expenses generally result from exchange transactions, such as revenues received for tuition and fees or grants and contracts. Non-operating revenues and expenses typically result from non-exchange transactions, such as state and federal appropriations and investment income. Finally, other revenues, expenses, and other changes represent capital transactions.

<i>(In thousands)</i>	2022	2021	2020
Total Operating Revenues	204,004	186,548	196,895
Total Operating Expenses	303,328	278,494	287,108
Operating Loss	(99,325)	(91,945)	(90,213)
Net Non-Operating Revenues	102,434	100,007	84,189
Other Revenues, Expenses, & Other Changes	12,536	26,699	13,259
Total Increase in Net Position	15,644	34,760	7,234
Net Position, Beginning of Year	533,557	498,797	493,128
Prior Period Adjustments	333	-	(1,565)
Net Position, End of Year	549,534	533,557	498,797

Operating revenues increased \$17.5 million from the prior year, but increased operating expenses, resulted in an overall increased operating loss. Increases in Tuition & Fees (\$0.6 million), Grants and Contracts (\$7.6 million), General Sales & Services (\$7.6 million), and Auxiliaries (\$1.9 million) were offset by a \$24.8 million increase in operating expenses. The increases are primarily in Supplies and Materials (\$6.1 million), Grants and Subsidies (\$5.5 million), and Contractual Services (\$5.5 million).

<i>(In thousands)</i>	2022	2021	2020
Operating Revenues			
Tuition & Fees, Net Student Financial Assistance	84,407	83,842	87,495

FINANCIAL HIGHLIGHTS (CONTINUED)

Overall Non-Operating Revenues & Other Changes decreased by \$5.4 million, or 4.0%, compared to the previous fiscal year. The decrease is primarily driven by Capital HEFF and Capital Grants & Contracts.

Throughout the COVID-19 pandemic, Congress has provided relief to higher education institutions through the Higher Education Emergency Relief Fund (HEERF). The HEERF allots funding to both student and institutions under each of the three relief packages, known as HEERF I, HEERF II, and HEERF III, respectively.

The University was awarded \$33.7 million from the CARES Act for HEERF as of fiscal year ended June 30, 2022. The student portion, \$15.0 million, provided emergency grants to students. The institutional portion, \$18.7 million, was used to cover costs associated with significant changes to the delivery of instruction due to COVID-19, to mitigate the impact of the virus, and others direct expenses. During the fiscal year, the University recognized \$15.9 million from HEERF III that met the restrictions of funding based on published guidance by the U.S. Department of Education. The remaining award of HEERF III will be recognized in the following fiscal years, upon fulfilling restrictions of the federal funding.

	HEERF I	HEERF II	HEERF III	Total

FINANCIAL HIGHLIGHTS (CONCLUDED)

Statements of Cash Flows

The Statement of Cash Flows presents information related to cash inflows and outflows which helps measure the University's ability to meet financial obligations as they mature. Transactions are classified as operating, non-capital, capital, and investing activities.

Condensed Statements of Cash Flows			
<i>(In thousands)</i>	2022	2021	2020
Cash Provided (Used) by			
Operating Activities	(72,687)	(60,190)	(62,054)
Non-Capital Financial Activities	112,856	100,038	97,190
Capital Related Financing Activities	(38,537)	(26,146)	(40,369)
Investing Activities	663	994	1,239
Net Change in Cash	2,294	14,697	(3,994)
Cash, Beginning of Year	77,051	62,354	66,348
Cash, End of Year	79,345	77,051	62,354

Major sources of operating cash included Tuition & Fees and Auxiliaries of \$115.9 million, Grants & Contracts of \$52.0 million, and General Sales & Services of \$32.8 million. The largest use of operating cash was for Personal Services of \$166.9 million.

The most significant sources of cash for non-capital financial activities cash were General Fund Appropriations of \$82.5 million and federal HEERF funds of \$15.9 million.

Capital related financing activities were primarily funded by Capital Appropriations of \$1.8 million, Capital Grants and Contracts of \$7.9 million, and \$3.3 million from SDBA bond proceeds. The most significant uses of cash included the Purchase of Capital Assets of \$30.7 million (predominately for Buildings & Building Improvement construction expenditures), and debt service payments of \$16.0 million.

University cash balances are as follows:

<i>(In thousands)</i>	2022	2021	2020
Fund Type			
Unrestricted Non-Appropriated funds	56,560	60,012	44,605
Renewal and Replacement funds	18,597	16,530	16,601
Loan Funds	1,936	2,633	2,994

**SOUTH DAKOTA STATE UNIVERSITY
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022**

FINANCIAL PERFORMANCE

Financial ratios are used in analyzing the financial integrity of the University. These measures should not be the focus, rather help explain the University’s current financial health and provide tools for strategic planning to improve financial position and carry out its mission. The financial ratios below are used for strategic analysis which considers the entire University, including its component unit the Foundation and South Dakota Building Authority (SDBA) managed debt capital activity. This practice is consistent with other public institutions and needs to be considered due to the Foundation’s purpose of raising funds for the University’s benefit to further mission achievement.

Primary Reserve Ratio - This ratio is intended to address the question of sufficiency and flexibility for support of the mission. The ratio measures the financial strength by comparing expendable net position to total expenses. It identifies how long the university can function by using reserves without the generation of any new resources. A primary reserve ratio of 1.0 would imply the University would have the ability to cover expenses for one year. Key items that can impact this ratio include principal payments on debt, using net position to fund capital construction projects, endowment returns, and total operating expenses.

FY22	FY21	FY20
0.53	0.49	0.32

Net Operating Revenue Ratio – Serves as an indication if the University is living within its available resources. Institutions need to generate some level of surplus over long periods of time because operations are one source for reinvestment in future initiatives. Short-term deficits may occur as a result of strategic decisions. It is when deficits are unplanned or unmanaged and occurring as a result of core operations that evaluation of operations is necessitated. A positive ratio indicates a good financial condition. A ratio of 2 to 4 percent indicates the university operated within its means and should be maintained over time; however, fluctuations from year to year are normal. A large ratio identifies an operating surplus and a stronger financial position. While a negative ratio indicates an operating loss for the year, universities need to be careful about a positive ratio that is too large, indicating under spending on mission critical initiatives.

FY22	FY21	FY20
2.1%	2.7%	-0.7%

Return on Net Position Ratio - This ratio is the most comprehensive measure of growth or decline in wealth over time and assesses if the asset performance and management support the strategic direction. It measures total economic return or the level of change in total net position to determine if the university is financially better off than in the previous year. There is not a specific threshold; however, 3 to 4 percent is a generally acceptable real rate of return. Key items that may impact this ratio include changes in the net operating revenue ratio, endowment returns, capital gifts and grants, capital transfers, and endowment gifts.

FY22	FY21	FY20
11.7%	10.8%	8.2%

**SOUTH DAKOTA STATE UNIVERSITY
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022**

FINANCIAL PERFORMANCE (CONTINUED)

Viability Ratio – Addresses whether financial resources are being strategically managed to advance the mission of the institution. It measures availability of expendable net position for coverage of debt should the university be required to settle its obligations as of the date on the balance sheet. This ratio is one of the most basic determinants of clear financial health and is regarded as governing a university’s ability to assume new debt. A 1:1 ratio is desired; however, a ratio of 0.8 is acceptable for state universities, indicating adequate net assets to meet obligations. Key items that may impact this ratio include principal payments on debt, using net assets for capital construction projects, issuance of new debt, and endowment returns.

FY22	FY21	FY20
0.94	0.64	0.46

Composite Financial Index (CFI) – The index is built with the values of its four component ratios: the Primary Reserve, Net Operating Revenue, Return on Net Position, and Viability Ratios. Once each of these ratios is calculated, further weighting is conducted to measure the relative strength of the score and its importance in the composite score. The weighted combination allows a weakness or strength in one ratio to be offset by another ratio result. The CFI reflects a picture of the financial health of the institution at a point in time. A negative CFI is indicative of a university that may be struggling financially. A score of 1.0 indicated very little financial health; 3.0 is the low benchmark and represents a relatively stronger financial position. The CFI provides a condensed picture of the financial health of an institution at a point in time. A negative CFI is indicative of a university that may be struggling financially. The SDSU CFI trend shows steady improvement over the last 3 years.

FY22	FY21	FY20
3.5	3.0	2.0

**SOUTH DAKOTA STATE UNIVERSITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022**

ECONOMIC OUTLOOK

Funding for the University's activities comes from a variety of sources including tuition and fees, state and federal appropriations, HEFF, grants and contracts, auxiliaries, and general sales & services. These various revenue sources provide flexibility for the University to fulfill its educational mission and execute its Strategic Plan, which guides prioritization of resources through 2023. The vision is to be a premier land-grant university recognized for high value, innovation, and bold impact. Goals and Strategies include:

Achieve excellence through transformative education: Excellence through transformative education focuses on increasing and sustaining the number of accredited and certified programs designed to meet the needs of diverse students and market demands while incorporating cross-curricular skills into academic and co-curricular endeavors. Student success is a foundational University priority. Underrepresented populations continue to be a focus through the establishment and continuation of programming and initiatives concentrated on access. The Wokini Initiative has been a key focus, it is a collaboration between SDSU and the Lakota and Dakota people to create programming and support for citizens of the nine tribal nations in South Dakota interested in educational and advancement opportunities at SDSU. It also encourages further research and outreach partnerships with the tribes, tribal colleges, and other tribal organizations.

Cultivate and strengthen community engagement: SDSU has strong relationships with the community and wants to enhance those ties by growing engagement through extension, collaborative service, community outreach, alumni relations, and public-private partnerships that enhance the quality of life in the State and beyond. Academic and outreach programming is being realigned to optimize institutional efforts to support tribal communities and underserved populations. Engagement with K-12 schools at the local, state, and national levels are being increased while building reciprocal relationships with industry partners.

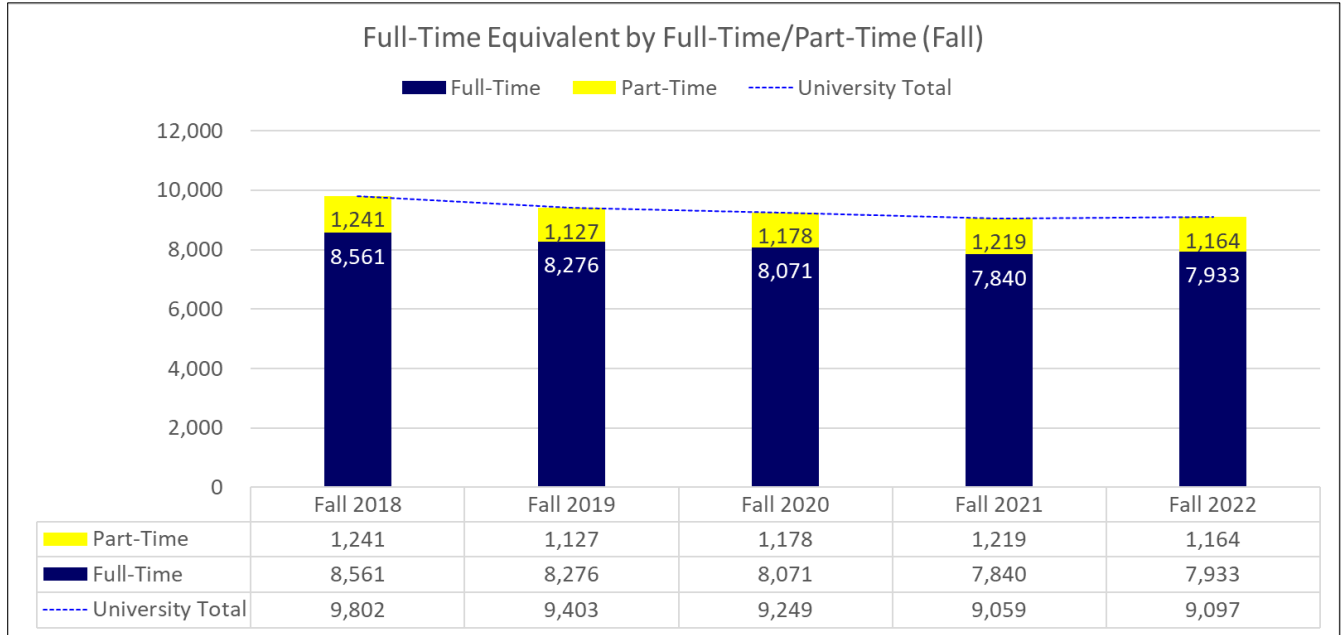

Foster innovation and increase research, scholarship, and creative activity: SDSU continues to foster innovation and research and works towards expanding the number of public-private activities located in the Research Park at SDSU. The University is also increasing partnership and sponsorship opportunities through advocacy and engagement with agencies, enterprises, non-profits, economic development venues, and other organizations.

Be a growing, high-performing, and healthy university: As the Strategic Plan is realized, the core values will be infused through all levels of the University. New revenue streams are being developed through an increase of sponsored programs, fundraising efforts, and other endeavors. As systems and process are continually improved and efficiency increased, the focus will remain on supporting collaboration, sustainability, creativity, and bold ideas.

**SOUTH DAKOTA STATE UNIVERSITY
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022**

ECONOMIC OUTLOOK (CONCLUDED)

Enrollment can have the greatest effect on the operating budget. The University continues to implement strategies to reverse recent enrollment decline which follows national trends.

**SOUTH DAKOTA STATE UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021**

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation, Accounting, and Reporting Entity

The financial statements for South Dakota State University (the University/SDSU) include University Proper, SDSU Extension, and Agricultural Experiment Station agencies and are reported in accordance with Governmental Accounting Standards Board (GASB) Statements No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis for State and Local Governments*, and No 35, *Basic Financial Statements – and Management’s Discussion and Analysis – for Public Colleges and Universities – an amendment of GASB Statement No. 34*.

The University implemented GASB Statement No. 87, *Leases*, effective for the fiscal year ended June 30, 2022. GASB 87 establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and intangible right-to-use lease assets, while a lessor is required to recognize a lease receivable and deferred inflow or resources. This statement impacts the university’s lease accounting and reporting substantially.

The University is reported as a special-purpose government entity engaged in business-type activities. Business-type activities are those that are financed in whole or in part by fees charged to external parties for goods or services. Accordingly, these financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized as they are incurred. All significant internal activity transactions have been eliminated.

South Dakota State University is one of six public universities and two special schools under the control of the South Dakota Board of Regents (BOR), reported as a component unit (Higher Education) in the State of South Dakota’s Comprehensive Annual Financial Report. The State of South Dakota’s audit encompasses BOR, as such an audit opinion is not issued on the University’s financial statements, but rather is included in the State’s financial report.

Based on the provisions of GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, it was determined that South Dakota State University Foundation (the Foundation) is a component unit of the University. Consistent with the GASB principles, the Foundation’s Consolidated Statements of Financial Position, Consolidated Statements of Activities, Consolidated Statements of Changes in Net Assets, Consolidated Statements of Cash Flows, and Notes to the Consolidated Financial Statements are presented on separate pages of the financial statements. The Foundation’s financial statements are audited by independent auditors engaged by the Foundation’s Board of Directors.

Fund Accounting

In order to ensure observance of the limitations and restrictions placed on the use of the resources available, the University’s accounts are maintained according to the principles of fund accounting. This is the procedure by which resources for various purposes are classified for accounting and

SOUTH DAKOTA STATE UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021

reporting purposes into funds that are maintained in accordance with activities or objectives specified by donors, governmental appropriations, granting agencies, and other outside sources or regulations. Separate funds are maintained for each activity; however, in the financial statements, all funds have been combined to present the University from a comprehensive entity-wide perspective.

Use of Estimates

Preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates. The most significant estimates relate to Allowances for Student Accounts Receivable and Notes Receivable, Inventories, Capital Assets, Compensated Absences, and Student Financial Assistance.

Emerging Accounting Standards

SDSU is analyzing the effects of adopting of the following GASB statements and is currently uncertain of the impact on the financial statements and related reporting requirements.

In March 2020, GASB issued Statement No. 93, *Replacement of Interbank Offered Rates (IBOR)*. This statement addresses the accounting and financial reporting effects that result from the replacement of an IBOR as a reference rate in agreements where variable payments are made or received. This statement is effective for the University's year ending June 30, 2023.

In March 2020, GASB issued Statement No. 94, *Public-Private and Public-Public Partnerships (PPP) and Availability Payment Arrangements (APA)*. This Statement improves financial reporting by addressing issues related to PPP's and provides guidance on the accounting and financial reporting for APA's. GASB 94 refers to a PPP as an agreement in which the University (the transferor) contracts with an operator to provide public services by conveying control of the right to operate and use a nonfinancial asset, such as infrastructure or other capital assets, for a period in an exchange transaction. An APA is an arrangement in which the University would compensate an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period in an exchange transaction. This statement is effective for the University's year ending June 30, 2023.

In May 2020, GASB issued Statement No. 96, *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset (an intangible asset) and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, *Leases*, as amended. This statement is effective for the University's year ending June 30, 2023.

**SOUTH DAKOTA STATE UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021**

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Emerging Accounting Standards (Continued)

In April 2022, GASB issued Statement No. 99, *Omnibus 2022*. This Statement enhances comparability in accounting and financial reporting and improves the consistency of authoritative literature by addressing practice issues that have been identified during the implementation and application of certain GASBs and accounting and financial reporting for financial guarantees. The practice issues addressed by this Statement are the classification and reporting of derivative instruments within the scope of Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*, Statement No.87, *Leases*, and Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangement*. Different provisions of this statement are effective for the University's year ending June 30, 2023, and 2024.

In June 2022, GASB issued Statement No. 100, *Accounting Changes and Error Corrections*. This statement defines accounting changes; prescribes accounting and financial reporting for accounting changes and error corrections; and required note disclosures. This statement is effective for the University's year ending June 30, 2024.

In June 2022, GASB issued Statement No. 101, *Compensated Absences*. This statement defines when liabilities are required to be established for certain types of absences; establishes guidance for reporting and measuring a liability for leave that has not been used; and required note disclosures. This statement is effective for the University's year ending June 30, 2024.

Cash & Cash Equivalents

Cash & Cash Equivalents include cash on hand and cash in local banks.

Cash and Restricted Cash on Deposit-State Treasurer

Cash on Deposit–State Treasurer are funds pooled by the State Investment Council for investment purposes and Restricted Cash on Deposit–State Treasurer are held for construction projects. The State Investment Officer is responsible for the investment of state public funds and uses a pooled approach. This preserves the integrity of fund cash balances while simultaneously allowing investment of idle monies. Investment income is allocated to participating funds per South Dakota law. Participating funds are determined by the Bureau of Finance and Management and approved by the Joint Interim Appropriations Committee of the Legislature. Investment Income from the participating funds is deposited into their respective funds and investment income from non-participating funds are credited to the State's General Fund.

Accounts Receivable and Notes Receivable

Accounts Receivable–Department Sales consists of funds owed to university departments from external sources for various sales & services as well as for funds owed to the University for

**SOUTH DAKOTA STATE UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021**

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounts Receivable and Notes Receivable (Continued)

unreimbursed grant expenditures. The University uses the direct write-off method for uncollectible department sales receivables.

Accounts Receivable-Student consists of amounts owed from students billings and Notes Receivable consists of amounts associated with student loan programs. The allowance method is used in calculating an estimate of uncollectible accounts, then a reserve is established based on collection rate history and current default rates.

Prepaid Expenses

Prepaid expenses consist primarily of computer expenditures (services, software contracts, and maintenance), subscriptions, dues and membership fees, and insurance premiums.

Inventories

Inventories are reported at June 30 using the original cost or last invoice price, lower of cost or market (Foundation Seed Stock), estimated cost of production (Dairy Plant), or market price (Livestock).

Due to/Due from

Due from Federal Sources represent grant expenditures or Federal Appropriations for which reimbursement has not yet been received. Due to/Due from Primary Government represents balances owed to or from various South Dakota state agencies outside of Higher Education. Due to/Due from Other Component Units represent funds owed to or from other South Dakota public universities, the South Dakota Board of Regents, or South Dakota Building Authority (SDBA).

Capital Assets

Museum & Art Collections are non-depreciable assets and include items with individual costs less than \$5,000. Additions to the art collections are based on the actual purchase price of the item or on the estimated fair market value of the item on the date of the gift. Items are disposed of at the carrying cost of the item on the date of disposal.

Major additions and renovation projects are recorded as Construction in Progress until the earliest occurrence of substantial completion of the project, occupancy, or when the asset is placed in service. The project is then transferred to Buildings & Building Improvements, Land Improvements, or Infrastructure.

Land, Buildings & Building Improvements, Land Improvements, and Infrastructure are capitalized at cost at the time of purchase or at the appraised value on the contribution date. Major additions and renovation projects are capitalized when the value equals or exceeds \$100,000 for Buildings

**SOUTH DAKOTA STATE UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021**

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets (Continued)

& Building Improvements and \$50,000 for Land Improvements and Infrastructure. Buildings are depreciated over 50 years for a major structure, 25 years for pole and storage buildings, and 10 years for minor structures. Building Improvements and Land Improvements are depreciated over 20 years. Infrastructure is depreciated over a range of 20 to 50 years.

Equipment & Other Property is capitalized when the unit cost equals or exceeds \$5,000 and the useful life is one year or longer, then depreciated over various useful lives based on asset classes. Equipment & Other Property included \$46,419,129 and \$46,221,076 for Library books at June 30 2022 and 2021, respectively, and \$36,681 and \$88,492 in Nursing films at June 30, 2022 and 2021, respectively. Books and films are capitalized at cost during the year of their purchase and depreciated based on a ten-year average. Upon disposal, books and films are valued and removed at the previous year's average cost at year end. Nursing films are removed at actual cost if available, otherwise a reasonable cost is used for disposition.

Intangible Assets are capitalized when the unit cost equals or exceeds \$100,000 and the useful life is longer than one year. The University's Intangible Assets include purchased licensed software (Facilities AIM software system, StarRez Software for Residential Life, Parking Management System, SdState Website – CMS, and LogRythm) which are amortized over 5 to 10 years.

Deferred Outflows of Resources

Deferred Outflows of Resources is a consumption of net position applicable to a future reporting period. The Deferred Outflow on Debt Refunding is the difference between the reacquisition price and the net carrying amount of the refunded debt and is amortized over the life of the refunded debt.

Accounts Payable and Accrued Wages & Benefits

Accounts Payable represent amounts due for goods received and services performed prior to the end of the fiscal year. The balances include payables on construction projects of \$3,349,650 and \$1,991,582 at June 30, 2022 and 2021, respectively. Accrued Wages & Benefits represent amounts earned but not paid at June 30, 2022 and 2021.

Accrued Interest Payable

Accrued Interest Payable is associated with the Housing & Auxiliary Facilities Revenue Bonds.

Unearned Revenue

Unearned revenue consists of department sales deposits, residence hall deposits, and grant funds received which have not yet been earned under the terms of the agreement.

**SOUTH DAKOTA STATE UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021**

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensated Absences

Annual and sick leave is accrued as it is earned by employees. Upon termination, employees are eligible to receive compensation for their accrued annual leave balance. Employees who have been continuously employed by the State of South Dakota for seven years prior to the date of their retirement, voluntary resignation, or death will receive payment for one fourth of their accumulated sick leave balance, not to exceed the sum of twelve weeks of the employees' annual compensation.

Federal Capital Contribution

Federal Capital Contribution represents the funds that would be owed to the federal government if the federal loan programs were eliminated.

Income Taxes

The University is treated as a governmental entity for tax purposes. As such, SDSU is only subject to unrelated business income tax on income derived from a trade or business (regularly carried on) and not in furtherance of the educational purpose for which it was granted an exemption.

Revenue Recognition and Operating Activities

Operating activities as reported in the statements of revenues, expenses, and changes in net position generally result from exchange transactions (receipts for providing goods and services and payments for services or goods received). Tuition and Fees are recorded Net of Student Financial Assistance (Note XIII).

Other significant revenue streams relied upon for operations are recorded as non-operating or other revenues. General Fund Appropriations, Capital Appropriations, and Capital Grants & Contracts, are recognized in the period received. Federal Appropriations are recognized as the related expenditures are incurred.

The University recognized \$15,886,337 in Higher Education Emergency Relief Fund (HEERF) from the Federal CARES Act. These funds were used to provide student grants and to cover expenses of the university response to the global pandemic.

The University disbursed \$42,544,760 and \$45,224,560 for student loans through the U.S. Department of Education federal direct lending and federal guaranteed student loan programs, in the years ending June 30, 2022 and 2021, respectively. These disbursements and the related receipts are not included as revenue or expenditures in the accompanying statement of revenues, expenses, and changes in net position; however are reflected in the noncapital financing activities section of the statement of cash flows.

**SOUTH DAKOTA STATE UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021**

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONCLUDED)

Net Position

Net Position is reported in the following components:

Net Investment in Capital Assets represents the net carrying value of capital assets less the outstanding debt and other borrowings incurred to acquire or construct the assets.

Restricted Nonexpendable Net Position are funds in which outside sources have stipulated, as a condition of the gift, that the principal is to be maintained inviolate and in perpetuity and invested for the purpose of producing present and future income, which may be either expended or added to principal.

Restricted Expendable Net Position is restricted for specific purposes by grantors, donors, or law. Restrictions are released when the University complies with the stipulations required by the grantor, donor, or legislative act. For fiscal years 2020 and 2019, the University maintained scholarships and fellowships for future awards, research funds for Grants & Contracts and Federal Appropriations, and debt service and renewal and replacement funds stipulated by bond covenants.

Unrestricted Net Position are resources that have no external restrictions. Resources are used for the University's educational/general operations or maintenance and future acquisition of plant facilities at the discretion of governance.

As expenses which can be paid from either restricted or unrestricted funds are incurred, the University's policy is to allow the department who incurred the expense to determine the appropriate funding source. Factors used to determine which resources to use include priorities of the department in accordance with the University's strategic initiatives, externally imposed matching requirements of restricted funds, and any pertinent lapsing provisions of the available restricted or unrestricted funding sources. Major capital purchases are generally funded from multiple restricted and unrestricted funding sources.

SOUTH DAKOTA STATE UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021

II. ENDOWMENT AND SIMILAR FUNDS

Endowment assets and similar funds administered by the Department of School and Public Lands have not been included in the financial statements as the University does not actively participate in the administration of the funds. Information can be found on the Department of School & Public Lands' web site at www.sdpubliclands.com.

III. CAPITAL ASSETS

Capital Assets as of June 30, 2022 consisted of the following:

	2021	Prior Period Adjustments	Additions	Deletions	2022

IV. RETIREMENT PLAN

The South Dakota Retirement System (SDRS) is a cost sharing, multiple employer public employee retirement system (PERS) established to provide retirement benefits for State employees and its political subdivisions. Members of SDRS include full time employees of public schools, the State, the BOR, city and county governments, and other public entities. Public schools, cities, and counties may choose not to include certain full-time employees in SDRS.

SDRS is a State financial reporting entity and included in the State's financial report as a pension trust fund. Authority for establishing, administering, and amending plan provisions is found in South Dakota Codified Law (SDCL) 3-12. Copies of the audited SDRS financial statements are available at <http://www.sdrs.sd.gov/>. The University's SDRS activity and balances are not reported in the accompanying financial statements; however are reported within the State's ACFR.

**SOUTH DAKOTA STATE UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021**

IV. RETIREMENT PLAN (CONTINUED)

The right to receive retirement benefits vests after three years of credited service. Employees are required by state statute to contribute 6 percent of their salary to the plan, while public safety and judicial employees contribute at 8 percent and 9 percent, respectively. State statute also requires the employer to contribute an amount equal to the employee's contribution. The University's share of contributions for fiscal years 2022 and 2021 were \$6,936,149 and \$6,847,749, respectively.

V. DEFERRED COMPENSATION PLAN

Through the State, the University maintains the Supplemental Retirement Plan (SRP, a deferred compensation plan), created in accordance with Internal Revenue Code Section 457. The SRP is available to all public employees and permits them to defer a portion of their salary for future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

Within the SRP, all amounts of deferred compensation, property and rights purchased with those amounts, and all income attributable to those amounts, are held in trust for the exclusive benefit of the participants until made available to a participant or the participant's beneficiary. The University has no liability for losses under the plan.

Assets of the deferred compensation plan are not included in the accompanying financial statements because the assets are remitted to a third party administrator. A copy of the South Dakota Retirement System financial statements is available to the public at www.sdrs.sd.gov.

VI. RISK MANAGEMENT

The Bureau of Administration's Office of Risk Management is the insurance, loss control, and safety resource for all South Dakota state agencies. Their responsibilities include protecting the State's assets; providing a safe environment for State employees and for the general public who come in contact with State employees or property as services are provided; minimizing the possible interruptions of vital public services; ensuring exposures to financial loss are discovered and handled appropriately; and reducing costs and consequences of accidents, including insurance premiums, through effective safety management.

Tort liability coverage is provided to state employees under the Public Entity Pool for Liability (PEPL). State law provides that sovereign immunity is waived to the extent that coverage is provided either through the purchase of insurance or an arrangement such as the State has with PEPL. Therefore, the "Agreement" and "Memorandum of Coverage" between the State and PEPL carve out the instances where the State waives sovereign immunity and agrees to cover damages for which an employee becomes liable. Coverage under PEPL includes general liability, law enforcement liability, public official's errors and omissions liability, automotive liability and some medical malpractice liability. The coverage limit under PEPL is \$1,000,000 per occurrence.

**SOUTH DAKOTA STATE UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021**

VII. LITIGATION, COMMITMENTS, AND CONTINGENT LIABILITIES

The University is involved in various lawsuits arising out of the normal conduct of its operations. No determination can be made at this time regarding the potential outcome of these lawsuits. As discussed in Note VI, the University has liability coverage for itself and its employees. In the opinion of University management, the resolution of these lawsuits will not have a material effect upon the University's financial position.

At June 30, 2022, the University had outstanding commitments of \$84,113,355 for construction projects and coaching contracts.

	Accumulated Costs	Total Contract	Remaining
Construction Contracts	\$ 16,936,993	\$ 95,141,848	\$ 78,204,855
Coaching Contracts	\$ 1,400,250	\$ 7,308,750	\$ 5,908,500
	<u>\$ 18,337,243</u>	<u>\$ 102,450,598</u>	<u>\$ 84,113,355</u>

Revenue from grants and contracts includes amounts for the recovery of overhead and other costs allocated to those projects. The University may be required to refund amounts received as overhead or reimbursed costs as a result of the granting agency audits. The University considers any such potential refunds to be immaterial.

VIII. OBLIGATIONS UNDER FINANCED CAPITAL, LEASES AND OTHER ACCRUED LIABILITIES

Obligations for Financed Capital include agreements with the South Dakota Building Authority (SDBA) and the Foundation. These agreements financed partially, or in full, the purchase or cost of constructed assets identified in the table below.

Obligations for Financed Capital for the year ended June 30, 2022 was as follows:

	Interest Rate	Maturity	2021	Additions	Reductions	2022	Current
SDBA							
Stadium	4.0% - 5.0%	2039	\$ 29,370,000	\$ -	\$ (1,045,000)	\$ 28,325,000	\$ 1,095,000

New Holland Round Baler	53,195	(22,165)	31,030
	\$ 114,136,387	\$ (6,892,803)	\$ 107,243,584

The following is a schedule of future financing payments as of June 30, 2022:

Fiscal Year	Principal	Interest	Total
2023	1,817,723	2,335,875	4,153,598
2024	1,894,682	2,248,671	4,143,353
2025	1,994,784	2,151,242	4,146,026
2026	2,100,728	2,048,536	4,149,264
2027-2031	12,051,446	8,508,782	20,560,228
2032-2036	14,956,268	5,212,228	20,168,497
2037-2041	11,413,936	1,271,346	12,685,281
2042-2046	249,084	37,365	286,449
2047-2051	56,068	1,222	57,290
	46,534,717	23,815,268	70,349,985

IX. LEASE ARRANGEMENTS

The University adopted GASB Statement No. 87, Leases, effective for the fiscal year ended June 30, 2022 with retrospective application to the fiscal year ended June 30, 2021. GASB 87 establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. As a result, it requires the University to classify leases that are 12 months or greater in length at the commencement of the lease term, including the evaluation of options to extend the lease, to the Statement of Net Position.

The University records a lease liability and an underlying right-to-use lease asset for lessee arrangements. Over the course of the lease, inflows and outflows are recognized and recorded in the Statement of Revenues, Expenses, and Changes in Net Position.

**SOUTH DAKOTA STATE UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021**

IX. LEASE ARRANGEMENTS (CONTINUED)

SDSU leases office space throughout the state for Extension offices. Some of these arrangements meet the GASB 87 criteria for recognizing Right-to-Use Lease Assets and the associated liability.

	2021	Additions	Reductions	2022
Right-to-Use Lease Assets				
Buildings and improvements	\$ -	\$ 1,248,003	\$ -	\$ 1,248,003
Accumulated Amortizaion	-	(253,231)	-	(253,231)
Net	\$ -	\$ 994,772	\$ -	\$ 994,772

The University recognizes payments for short-term leases with a lease term of 12 months or less and leases with a present value of less than five thousand dollars as expenses as incurred, and these leases are not included as lease liabilities or right-to-use lease assets on the Statement of Net Position. The following is a schedule of future lease payments as of June 30, 2022:

Fiscal Year	Principal	Interest	Total
2023	239,290	42,483	281,773
2024	250,332	31,442	281,773
2025	249,197	20,015	269,211
2026	247,018	8,955	255,973
2027-2031	68,389	479	68,868
2032-2036	-	-	-
	1,054,226	103,373	1,157,599

X. REVENUE BONDS PAYABLE

Revenue Bonds Payable are uncollateralized bonds authorized by the BOR to finance construction or renovation of residence halls, food service facilities, Wellness Center, Student Union, and parking lots. Pledged net revenues from these facility operations fulfill the principal and interest payments. Pledged net revenues for 2022 and 2021 were \$14,497,366 and \$19,202,754 respectively.

Revenue Bonds Payable are reported on the Statement of Net Position net of bond premiums and bond discounts as shown below:

	2022	2021
Revenue Bonds Payable	91,855,000	98,370,000
Premium	11,057,880	12,063,272
Original Issue Discount	(71,421)	(75,232)
	102,841,459	110,358,040
Current	8,081,582	7,516,582
Long Term	94,759,877	102,841,459
	102,841,459	110,358,040

	\$ 27,263,118	\$ 6,469,782	\$ (6,977,652)	\$ 26,755,248	\$ 5,358,143

XII. RELATED PARTIES

The University, as a component unit of the State, received 24.0% of its revenues through General Fund Appropriations for both years ending June 30, 2022 and 2021.

The SDSU Foundation is a non-profit corporation founded in 1946 to receive and administer private gifts made in support of the University's programs. Consistent with GASB guidance, the Foundation is reported as a component unit of the University, with its separately audited financial statements and notes are presented subsequent to the University's information

**SOUTH DAKOTA STATE UNIVERSITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022 AND 2021**

XIII. TUITION & FEES, NET OF STUDENT FINANCIAL ASSISTANCE

State-Support tuition and fees are collected and remitted to the BOR where interest is earned on participating funds. The University can withdraw 88.5% State-Support tuition for operations at its discretion throughout the year. The remaining 11.5% is deposited into the Higher Education Facilities Funds (HEFF, 11.5% of Self-Support tuition is also deposited) to finance capital and repair/maintenance projects system-wide. The public universities submit project requests to the BOR and funds are allocated to campuses as projects are approved. Fees remitted to the BOR are for the System Technology Fund, Science Lab Facility Bond, and Electronic University Consortium (EUC). State-Support tuition, Self-Support tuition, and HEFF revenue was reported as follows for the years ending June 30, 2022 and 21.

	2022	2021
State-Support Tuition	\$ 51,416,907	\$ 43,349,820
Self-Support Tuition	\$ 18,936,187	\$ 29,683,154
Total Tuition	\$ 70,353,094	\$ 73,032,974
Higher Education Facilities Fund (Non-Operating)	\$ 454,530	\$ 399,070
Higher Education Facilities Fund (Capital)	\$ 1,155,859	\$ 4,639,102
Total Higher Education Facilities Fund Revenue	\$ 1,610,389	\$ 5,038,172

Tuition & Fees and Auxiliaries revenue are reported net of Student Financial Assistance in accordance with the alternative method prescribed by the National Association of College and University Business Officers (NACUBO). Under the alternative method, Tuition & Fees and Auxiliaries revenue are reduced for the amount paid by certain types of financial aid (PELL grants, scholarships and other governmental grants, etc.). This eliminates the double reporting of revenue, first as financial aid revenue and then as Tuition & Fees and Auxiliaries revenue. Using the alternative method, revenue is recognized for the financial aid grants, scholarships, etc. while the financial aid expense and Tuition & Fees and Auxiliaries revenue is eliminated for the amount of financial aid applied to student accounts.

This page intentionally left blank.

Note 1 - Principal Activities and Significant Accounting Policies**Principles of Consolidation**

The consolidated financial statements include the accounts of South Dakota State University Foundation (the Foundation); MightyFly SD, Inc. (MightyFly); and Medary Aviation LLC (Medary Aviation); (collectively, the Organization). All material intercompany balances and transactions have been eliminated.

Principal Business Activities

The Foundation is an independent organization established for the purpose of raising, holding, and administering funds for the benefit of South Dakota State University (SDSU).

MightyFly and Medary Aviation's (the Companies) principal assets are airplanes. The Companies lease the airplanes to SDSU under agreements that provided payments of approximately \$269,609 and \$198,366 during the years ended December 31, 2021 and 2020, respectively. SDSU is responsible for all expenses related to the operations and maintenance of the airplanes. The Companies pay annual dividends to the Foundation approximately equal to the lease payments received from SDSU. The Foundation is the sole shareholder of the Companies. MightyFly was dissolved on March 1, 2021, remaining assets were transferred to Medary Aviation.

Tax Status

The Foundation is exempt from federal income tax as a non-profit corporation under Section 501(c)(3) of the Internal Revenue Code. The Foundation is annually required to file a Return of Organization Exempt from Income Tax (Form 990) with the IRS and is subject to income tax on net income that is derived from business activities that are unrelated to its exempt purposes. The Foundation files an Exempt Organization Business Income Tax Return (Form 990-T) with the IRS to report its unrelated business taxable income. MightyFly is a C Corporation subject to federal income tax and is annually required to file a U.S. Corporation Income Tax Return (Form 1120). Medary Aviation is an entity disregarded for federal income tax purposes with no filing requirement. Medary Aviation activities are reported as part of the Foundation's annual filings.

Each entity believes that it has appropriate support for any tax positions taken affecting its annual filing requirements, and as such, does not have any uncertain tax positions at December 31, 2021 and 2020 that are material to the consolidated financial statements. Future accrued interest and penalties related to unrecognized tax benefits and liabilities will be recognized in income tax expense if such interest and penalties are incurred.

Use of Estimates

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenue and expenses. Actual results could vary from the estimates that were used.

Consolidated Statements of Cash Flows

All cash and highly liquid financial instruments with original maturities of three months or less, which are neither held for investment nor restricted by donors for long-term purposes of the Organization, are considered to be cash and cash equivalents. Cash and highly liquid financial instruments restricted to capital expenditures of the Organization, endowments that are perpetual in nature, or other long-term purposes of the Organization are excluded from this definition.

Financial Instruments and Credit Risks

The Organization manages deposit concentration risk by placing cash and cash equivalents with financial institutions believed by management to be credit worthy. At times, amounts on deposit may exceed insured limits or include uninsured investments. Credit risk associated with promises to give and notes, contracts, and other receivables is considered to be limited due to high historical collection rates and because outstanding balances are primarily from donors and others that are supportive of the Organization's mission. Investments are managed by a professional investment manager whose performance is monitored by management and the Foundation's Investment Committee of the Board of Governors. Although the fair value of investments is subject to fluctuation on a year-to-year basis, management and the Investment Committee believe that the investment policies and guidelines are prudent for the long-term welfare of the Organization.

Investments

Investment purchases are recorded at cost, or if donated, at fair value on the date of the donation. Thereafter, investments are reported at their fair values in the consolidated statements of financial position. Net investment return/(loss) is reported in the consolidated statements of activities and consists of interest and dividend income, realized and unrealized capital gains and losses, less external and direct internal investment expenses.

Property held in trust, which is not readily marketable, is recorded at cost or, if donated, the fair value of the property as of the date of the donation. The property held in trust is periodically reviewed for impairment. For the years ended December 31, 2021 and 2020, no impairment charge has been recorded. Certificates of deposit are recorded at cost plus accrued interest.

To achieve its investment objectives, the Foundation has acquired interests in certain investments that are not readily marketable. The fair values of these investments have been determined by management using the net asset value (NAV) provided by each fund. NAV is a practical expedient used to determine the fair value of investments that do not have readily determinable fair value and to prepare financial statements consistent with the measurement principles of an investment company or consistent with the attributes of an investment company. Investment income, including interest, dividends, realized gains and losses, and unrealized gains and losses are allocated to participants based upon their pro rata share of their investment. Distributions from and liquidation of these investments is restricted based on specific terms of the fund agreements. The estimated values may differ materially from the values that would have been used had readily available markets for the investments existed.

Certain funds have been pooled for ease of management and to provide greater diversification of investments. Investments in equity and bond funds consist of direct ownership of investments or participation in mutual funds. Additionally, to achieve its investment objectives, the portfolio manager has the ability to invest in derivative and hedge instruments as a part of their investment strategies. While the Foundation does not have discretionary control over the asset guidelines of mutual funds, it believes these instruments allow the portfolio manager to take advantage of varying market forces in order to assist the Foundation in achieving its return objectives.

Promises to Give

The Organization records unconditional promises to give that are expected to be collected within one year at net realizable value. Unconditional promises to give expected to be collected in future years are initially recorded at fair value using present value techniques incorporating risk-adjusted discount rates designed to reflect the assumptions market participants would use in pricing the asset. In subsequent years, amortization of the discounts is included in gifts in the accompanying consolidated statements of activities. At times, an individual donor's promise to give may represent a substantial portion of the total outstanding promises.

Management determines the allowance for uncollectible promises to give based on management's assessment of potential bad debts and historical experience. Promises to give are written off against the allowance when they are deemed uncollectible.

Trusts Held by Others

Donors have established various split-interest agreements where the Foundation is not the trustee but is the irrevocable beneficiary of the underlying assets. The Foundation has neither possession nor control over the assets of these trusts. At the date that the Foundation receives notice of a beneficial interest in a trust held by others, a contribution with donor restriction is recorded in the consolidated statements of activities, and the Foundation's beneficial interest in the trust held by others is recorded in the consolidated statements of financial position at fair value using present value techniques and risk-adjusted discount rates designed to reflect the assumptions that market participants would use in pricing the expected distributions to be received under the agreement. Thereafter, beneficial interests in trusts held by others are reported at fair value in the consolidated statements of financial position, with trust distributions and changes in fair value recognized in the consolidated statements of activities.

Upon receipt of trust distributions or expenditures, or both, in satisfaction of the donor-restricted purpose, if any, net assets with donor-imposed time or purpose restrictions are released to net assets without donor restrictions, and trust distributions with donor-imposed restrictions that are perpetual in nature are transferred to the endowment.

Operating Property

The Organization's operating property consists of land, buildings, and equipment. Property received as support is recorded at its fair value at the time of the gift and property purchased is recorded at cost. Property is presented in the accompanying consolidated financial statements net of accumulated depreciation of \$4,356,342 and \$4,804,463 at December 31, 2021 and 2020 respectively. Depreciation is provided using the straight-line method over the estimated useful lives of the assets, ranging from 5-40 years.

The Organization reviews the carrying value of property for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposal. When considered impaired, an impairment loss is recognized to the extent carrying value exceeds the fair value of the asset. There were no indicators of asset impairment during the years ended December 31, 2021 and 2020.

Other Property Held

Other property held consists of land, buildings, and equipment. Other property held is recorded at cost or, if donated, the fair value of the property as of the date of the donation. Other property held is periodically reviewed for impairment. For the years ended December 31, 2021 and 2020, no impairment charge has been recorded. All of the assets included in other property held will eventually be used to support SDSU.

Cash Surrender Value of Life Insurance

The Foundation is the owner or assignee and beneficiary of certain whole life insurance policies. These policies have aggregate face values totaling approximately \$970,000 at December 31, 2021 and 2020.

Beneficial Interest Trusts

The Foundation is a beneficiary in several revocable trusts administered by others. The assets of these trusts are not included in the accompanying consolidated statements of financial position because the beneficiaries may be changed in accordance with provisions of the trust agreements.

The Foundation has been named as an irrevocable beneficiary of a perpetual trust held and administered by an independent trustee. The trust provides for the distribution of the net income of the trust to the Foundation; however, the Foundation will never receive the principal of the trust. At the date the Foundation receives notice of a beneficial interest, a contribution with donor restriction is recorded in the consolidated statements of activities, and a beneficial interest in perpetual trust is recorded in the consolidated statements of financial position at the fair value of the Foundation's share of the underlying trust assets. Thereafter, the beneficial interest in the trust is reported at the fair value of trust's assets in the consolidated statements of financial position, with trust distributions and changes in fair value recognized in the consolidated statements of activities.

Gift Annuity, Life Income Agreements, and Life Estates

Under charitable gift annuity contracts, the Foundation receives immediate and unrestricted title to contributed assets and agrees to make fixed recurring payments over the period stipulated in the annuity contract.

Contributed assets are recorded at fair value on the date of receipt. The related liability for future payments to be made to the specified beneficiaries is recorded at fair value using present value techniques and risk-adjusted discount rates designed to reflect the assumptions market participants would use in pricing the liability. The excess of contributed assets over the annuity liability is recorded as a gift with or without donor restrictions based on the donor's wishes. In subsequent years, the liability for future annuity payments is reduced by payments made to the specified beneficiaries and is adjusted to reflect amortization of the discount and changes in actuarial assumptions at the end of the year. Upon termination of the annuity contract, the remaining liability is removed and recognized as income. The estimated present value of future payments, to be made under these agreements, discounted at rates ranging from 0.40% to 8.20%, totals \$1,587,724 and \$1,608,234 at December 31, 2021 and 2020, respectively.

The Foundation's life income agreements consist of various irrevocable charitable remainder unitrusts and pooled income funds over which the Foundation acts as trustee. These trusts are governed by the respective trust agreements, which generally provide for either an income stream or a future distribution of cash or other assets to the Foundation, in whole or in part, for a specified period or upon the occurrence of a specific event. The trust assets are recorded at fair value, and a related liability for future payments to be made to the specified beneficiaries is recorded at fair value using present value techniques and risk-adjusted discount rates designed to reflect the assumptions market participants would use in pricing the liability. The excess of contributed assets over the trust liability is recorded as a gift with donor restrictions until such amount is received via trust distribution or is expended in satisfaction of the restricted purpose stipulated by the trust agreement, if any. The liability for future trust payments to the donor is reduced by payments made to the donor and is adjusted to reflect amortization of the discount and changes in actuarial assumptions at the end of the year. Upon termination of the trust, the remaining liability is removed and recognized as income. Investments held under life income agreements total \$7,902,905 and \$8,200,612 at December 31, 2021 and 2020, respectively. The estimated present value of future investment income distributions to beneficiaries, discounted at rates ranging from 6.50% to 7.60% is \$3,791,942 and \$4,147,763 at December 31, 2021 and 2020, respectively.

The Foundation's life estates consist of various contributions of real estate in which the donor has retained the right to use the real estate for the remainder of their life, or the life of a specified beneficiary. The life estate assets are recorded at fair value on the date of receipt. The related liability for the right to use the real estate is recorded at fair value using present value techniques and risk-adjusted discount rates designed to reflect the assumptions market participants would use in pricing the liability. The excess contributed assets over the life estate liability is recorded as a gift with donor restrictions based on the donor's wishes. In subsequent years, the liability for future use is adjusted to reflect amortization of the discount and changes in actuarial assumptions at the end of the year. Upon termination of the life estate, the remaining liability is removed and recognized as income. The estimated present value of the Foundation's liability to the donor for future use under these agreements, discounted at rates ranging from 0.40% to 6.00%, totals \$1,026,123 and \$1,264,897 at December 31, 2021 and 2020, respectively.

Net Assets

Net assets, revenue, support, and gains are classified based on the existence or absence of donor- or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Support to University

The Organization funds various construction projects and provides operational support for the benefit of SDSU. Contracts for construction projects are between SDSU and the contractors, and liabilities for expenditures incurred by departments are the responsibility of SDSU. The Organization records expense for payment of projects and operational support expenditures when such payments are made, in accordance with accounting guidance for financially interrelated entities. Scholarships are deemed to be support to the individuals receiving the scholarship, accordingly scholarships are recognized as expense when the commitment to provide such support becomes unconditional.

Investments Held for Others

Investments held for others is primarily that portion of charitable remainder unitrusts for which the Foundation holds the asset but either the Foundation is not the beneficiary or the beneficiary designation may be changed in accordance with trust documents.

Gifts and Deposits from Donors

Gifts are recognized when cash, securities, unconditional promises to give, or other assets or forgiveness of liabilities are received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met and the promises become unconditional. Deposits from donors represents funds received from conditional promises to give with conditions that have not been met.

Gifts received are recorded as with or without donor restrictions depending on the existence or nature of any donor-imposed restrictions. When donor-imposed restrictions expire, net assets with donor-imposed time or purpose restrictions are released to net assets without donor restrictions and reported in the consolidated statements of activities as net assets released from restrictions.

Development Services

The Foundation provides comprehensive development services to SDSU. Revenue is recognized over time as the services are provided.

Donated Services and Assets

Many individuals, particularly board members, contribute significant amounts of time to the Organization's program services, administration, and fundraising and development activities; however, the consolidated financial statements do not reflect the value of these contributions because they do not meet recognition criteria prescribed by generally accepted accounting principles. Donated property, marketable securities, and other non-cash donations are recorded as gifts at their estimated fair value at the date of the donation.

Functional Allocation of Expenses

The consolidated financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include depreciation, salaries and wages, benefits, payroll taxes, professional services, office expenses, information technology, interest, insurance, utilities, and miscellaneous, which are allocated on the basis of estimates of time and effort. The costs of program and supporting services activities have been summarized on a functional basis in the consolidated statements of activities. Note 13 presents the natural classification detail of expenses by function.

Subsequent Events

Subsequent events have been evaluated through July 12, 2022, the date the consolidated financial statements were available to be issued.

Note 2 - Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the consolidated statements of financial position date, comprise the following:

	2021	2020
Receivables		
Promises to give, net of allowance	\$ 7,458	\$ 2,233
Notes, contract, and other receivables	54,289	44,562
Anticipated endowment fees	3,827,038	2,959,731
	\$ 3,888,785	\$ 3,006,526

Endowment funds consist of donor-restricted endowment and funds designated by the board as endowments. Income from donor-restricted endowments is restricted for specific purposes, with the exception of the amounts available for general use. Donor-restricted endowment funds are not available for general expenditure. The Foundation assesses an annual administrative fee on each endowment fund. This fee was 1.7% as of December 31, 2021 and 2020. The proceeds from the fee are a significant component of the Foundation's operating budget. Anticipated fees to be assessed one year from the consolidated statement of financial position date are presented as a source of liquidity above.

The Foundation holds a board-designated endowment of \$631,916 and \$599,347 as of December 31, 2021 and 2020, respectively. Although the Foundation does not intend to spend from this board-designated endowment (other than amounts appropriated for general expenditure as part of our Board's annual budget approval and appropriation), these amounts could be made available if necessary.

Note 3 - Fair Value of Assets and Liabilities

Fair Value Measurements

Certain assets and liabilities are reported at fair value in the accompanying consolidated financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal, or most advantageous, market at the measurement date under current market conditions regardless of whether that price is directly observable or is estimated using another valuation technique. Inputs used to determine fair value refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability based on the best information available. A three-tier hierarchy categorizes the inputs as follows:

Level 1 inputs consist of quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the related asset or liability. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset and liability, and market-corroborated inputs.

Level 3 inputs are unobservable inputs related to the asset or liability. In these situations, the Organization develops inputs using the best information available in the circumstances.

In some cases, the inputs used to measure the fair value of an asset or a liability might be categorized within different levels of the fair value hierarchy. In those cases, the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. Assessing the significance of a particular input to entire measurement requires judgment, taking into account factors specific to the asset or liability. The categorization of an asset within the hierarchy is based upon the pricing transparency of the asset and does not necessarily correspond to the Foundation's assessment of the quality, risk or liquidity profile of the asset or liability.

A significant portion of the Organization's investments are classified within Level 1 because they are comprised of investments with readily determinable fair values based on daily redemption values. This includes investments in equity securities and bonds that are held in mutual funds. Bonds that are not held in mutual funds are valued by the custodians of the securities using pricing models based on credit quality, time to maturity, stated interest rates and market-rate assumptions; the fair value of investments held for others is determined by reference to value of the underlying assets that are directly or indirectly observable in the marketplace. These are classified within Level 2. Management estimates the fair value of the preferred stock in a non-public company by applying market rate assumptions based on preferred stock yields, trusts held by others are valued by applying present value techniques and risk-adjusted discount rates designed to reflect the assumptions market participants would use in pricing the underlying assets and the fair values of trust investments as reported by the trustees, and the fair value of the beneficial interest in perpetual trust is estimated based on the present value of the expected future cash flows. These are considered to be Level 3 measurements.

The Organization uses Net Asset Value (NAV) per share, or its equivalent, such as member units or an ownership interest in partners' capital, to estimate the fair value of its investments in equity security hedge funds and various private equity funds.

South Dakota State University Foundation
Notes to Consolidated Financial Statements
December 31, 2021 and 2020

The following table presents assets and liabilities measured at fair value on a recurring basis, at December 31, 2021:

	Quoted Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Total
Assets				
Investments				
Equity securities

Notes to Consolidated Financial Statements

December 31, 2021 and 2020

Following is a reconciliation for Level 3 assets measured on a recurring basis for the years ended December 31, 2021 and 2020:

	Trusts Held by Others	Beneficial Interest in Perpetual Trust	Preferred Stock in Non-Public Companies
Balance, December 31, 2019	\$ 4,522,055	\$ 1,085,309	\$ 1,374,911
Total gains or losses			
Included in change in net assets, net of fees	242,239	71,605	(242)
Additions	6,752,916	-	-
Withdrawals and payments	(1,146,360)	-	-
Balance, December 31, 2020	10,370,850	1,156,914	1,374,669
Total gains or losses			
Included in change in net assets, net of fees	438,106	130,096	512,117
Additions	-	-	-
Withdrawals and payments	(6,734,822)	-	(1,886,786)
Balance, December 31, 2021	\$ 4,074,134	\$ 1,287,010	\$ -

Additional information on investments in certain entities that calculate NAV per share at December 31, 2021 and 2020 is as follows:

	2021			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Hedge	\$ 341,950	\$ -	Monthly - Illiquid (1) Illiquid	5 days - None (1) None
Private equity	20,390,777	6,564,109		
	\$ 20,732,727	\$ 6,564,109		
	2020			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Hedge	\$ 1,271,393	\$ -	Monthly - Illiquid (1) Illiquid	5 days - None (1) None
Private equity	16,119,576	7,463,667		
	\$ 17,390,969	\$ 7,463,667		

(1) For liquid funds, redemption requests can be made as of each calendar month, quarter, or year end. Redemption requests require 5 to 100 days prior written notice and are based on a redemption schedule that "passes through" the underlying private investment funds.

Hedge funds focuses on growth in global private investments funds operated by various portfolio managers. The investments are redeemable, subject to certain restrictions. Fair value has been estimated using the practical expedient provided by the underlying fund manager or general partner.

Private equity funds focus on growth in equity of United States and global securities and derivatives. These investments are not readily redeemable; however, a secondary market does exist for some of the funds. Distributions are normally made through the liquidation of the underlying assets in the funds. The terms of these investments range from 7 to 20 years. Fair values have been estimated using the practical expedient provided by the underlying fund manager or the general partner.

Note 4 - Promises to Give

Promises to give represent unconditional promises restricted for various purposes and estimated to be collected as follows:

	<u>2021</u>	<u>2020</u>
Receivable in less than one year	\$ 7,180,084	\$ 7,511,044
Receivable in one to five years	12,614,521	9,482,846
Receivable in more than five years	3,347,531	889,508
	<u>23,142,136</u>	<u>17,883,398</u>
Discount to present value (.80% to 2.38%)	(574,343)	(465,532)
	<u>22,567,793</u>	<u>17,417,866</u>
Allowance for uncollectible promises to give	(1,128,390)	(870,893)
	<u>(1,128,390)</u>	<u>(870,893)</u>
Net promises to give	<u>\$ 21,439,403</u>	<u>\$ 16,546,973</u>

Conditional promises to give as of December 31, 2021 and 2020 of approximately \$38,990,990 and \$21,760,351, respectively, consist of promises to fund various SDSU capital projects and are restricted by specific criteria designated by the donor. However, these conditional promises do not meet the criteria for being recognized as contributions revenue under accounting principles generally accepted in the United States of America and, accordingly, have not been recognized. Recognition will occur when donor conditions have been met.

As of December 31, 2021 and 2020, promises to give from Board members accounted for approximately 2% and 4%, respectively, of total promises to give, and contributions from Board members accounted for approximately 2% and 2%, respectively, of total contributions.

Note 5 - Notes, Contract, and Other Receivables

Notes, contract, and other receivables consist of the following:

	2021	2020
Notes receivable	\$ 2,393,200	\$ 2,400,000
Estates receivable	-	373,569
Financing leases -SDSU	2,161,619	4,714,308
Other receivables	95,037	43,800
	\$ 4,649,856	\$ 7,531,677

Notes receivable are comprised of two notes. The first note from South Dakota Science and Technology Authority was issued to fund research by the borrower and is secured by the underlying Xenon gas purchased with the funds. Interest is payable quarterly at an annual rate of 2.5% with remaining principal and interest due December 2026. The second note was issued to pay a portion of the renovation for a sorority house. The note bears interest at 4% per year on the unpaid principal balance, requires four annual principal and interest payments and is unsecured. The final payment of the outstanding principal is due June 2025.

Estates receivable are comprised of estates that were gifted to the Foundation as part of the settlement of a donor's estate. Proceeds from the estates were collected by the Foundation in 2021.

Financing leases are comprised of three lease-purchase agreements. The first lease is related to a farm lease-purchase agreement with SDSU, in which the Foundation will lease property to SDSU with ownership to transfer to SDSU at the end of the lease term. The payments received by the Foundation from SDSU will be used to pay the remaining payment of the charitable remainder annuity trust relating to the property. Income will be recognized over the life of the lease. The second lease is related to the President's House. Per the lease agreement the Foundation agreed to pay SDSU \$1 for land for each year of occupancy and SDSU will lease the house from the Foundation over a term of 30 years. The receivable represents the present value of the lease at December 31, 2021 and 2020 amortized over the life of the lease at an interest rate of 4.00%, which will be paid in annual equal installments of principal and interest of approximately \$58,000. Income will be recognized over the life of the lease.

The third lease is related to a building in Pennington County for use and benefit of the SDSU West River Agriculture Center. The Foundation will lease property to SDSU over a term of 20 years with the option to purchase the property for \$1 at the end of the term or at any time prior upon payment of remaining principal and accrued interest. The receivable represents the present value of the lease at December 31, 2021 amortized over the life of the lease at an interest rate of 4.75%, which will be paid in monthly installments of principal and interest of approximately \$20,000. In July 2021, the Foundation paid off the long-term portion of the lease to First Interstate Bank.

South Dakota State University Foundation

Notes to Consolidated Financial Statements

December 31, 2021 and 2020

Management determines the allowance for uncollectible notes, contract, and other receivables based on its assessment of potential bad debts, the specific circumstances of the underlying receivable, and historical experience. Management has determined that the balances are fully collectible and has not established a related allowance. Balances will be written off against the allowance when they are deemed uncollectible.

Note 6 - Notes Payable

Notes payable consist of the following:

	2021	2020
Building note payable, 4.70% interest, payable in monthly installments of principal and interest totaling \$16,188, secured by underlying office building, due July 2037	\$ 2,133,434	\$ 2,223,630
Building note payable, 3.75% interest, payable in monthly installments of principal and interest totaling \$17,355, secured by underlying office building, balloon payment paid in full during 2021	-	2,464,545
	\$ 2,133,434	\$ 4,688,175

Scheduled Maturities

The estimated principal maturities by year of notes payable are summarized as follows:

Years Ending December 31,	
2022	\$ 94,655
2023	99,265
2024	103,840
2025	109,158
2026	114,475
Thereafter	1,612,041
	\$ 2,133,434

Note 7 - Bonds Payable

The Organization had outstanding bond issues used to finance certain projects' construction and renovation and re-finance certain existing obligations. A summary of bond terms is as follows:

<u>Type</u>	<u>Interest Rate</u>	<u>Due Date</u>	<u>2021</u>	<u>2020</u>
Series 2017 Tax-Exempt	3.83%	December 1, 2025	\$ -	\$ 6,224,378
Series 2017 Tax-Exempt	3.83%	December 22, 2025	-	6,336,281
			<u>\$ -</u>	<u>\$ 12,560,659</u>

All of the bonds were secured by the pledges for the related construction and renovation projects. The Series 2017 bonds were subject to certain non-financial covenants. All bonds were paid in full during 2021.

Note 8 - Paycheck Protection Program (PPP) Loan

The Foundation was granted a \$641,392 loan under the PPP administered by a Small Business Administration (SBA) approved partner. The loan was uncollateralized and was fully guaranteed by the Federal government. The Foundation initially recorded a note payable and subsequently recorded forgiveness when the loan obligation was legally released by the SBA. The Foundation recognized \$641,392 of loan forgiveness income for the year ended December 31, 2020.

Note 9 - Net Assets Without Donor Restrictions

Support for various SDSU scholarships as well as programs and capital projects in excess of gifts, including promises to give, totaled approximately \$16,705,000 and \$18,980,000 as of December 31, 2021 and 2020, respectively. The cumulative deficiency is reported in net assets without donor restrictions, which total (\$7,544,671) and (\$11,915,870) as of December 31, 2021 and 2020, respectively. As discussed in Note 5, there are certain promises to fund various SDSU capital projects and are restricted by specific criteria designated by the donor which have not yet been recognized. As of December 31, 2021, the Foundation has received \$10,360,000 in conditional promises to give related to deficient projects. The Foundation plans to recover the remaining net assets without donor restrictions deficit with future gifts.

Net assets without donor restrictions also include a board-designated endowment of \$631,916 and \$599,347 as of December 31, 2021 and 2020.

South Dakota State University Foundation

Notes to Consolidated Financial Statements

December 31, 2021 and 2020

Note 10 - Net Assets With Donor Restrictions

Restricted net assets are available for expenditure for the following purposes:

	2021	2020
Scholarships	\$ 29,242,317	\$ 17,018,420
SDSU operational and program support	47,046,766	34,847,854
SDSU capital projects	40,531,023	32,309,727
	\$ 116,820,106	\$ 84,176,001

Perpetually restricted net assets with expendable earnings are dedicated to support the following purposes:

	2021	2020
Scholarships	\$ 140,175,289	\$ 116,974,811
SDSU operational and program support	83,891,504	70,622,216
	\$ 224,066,793	\$ 187,597,027

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purpose or by occurrence of the passage of time or other events specified by the donors as follows for the years ended December 31, 2021 and 2020:

	2021	2020
Satisfaction of purpose restrictions		
Current year expenditures		
Scholarships	\$ 6,619,185	\$ 7,886,956
SDSU operational and program support	4,585,199	3,169,828
SDSU capital projects	8,448,183	11,410,341
Other program support	379,607	903,293
Foundation administrative fee retained	6,341,454	4,442,804
Previously incurred expenditures		
Scholarships	179,497	604,980
SDSU operational and program support	-	11,909
SDSU capital projects	2,685,901	1,535,956
Other transfers	277,942	469,872
	\$ 29,516,968	\$ 30,435,939

Note 11 - Endowments

The Foundation’s endowment consists of approximately 1,900 individual funds established for a variety of purposes. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The Foundation’s Board of Governors has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation retains in perpetuity (a) the original value of initial and subsequent gift amounts (including promises to give net of allowance and discount) donated to the Endowment and (b) any accumulations to the Endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added. Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditure in a manner consistent with the standard of prudence prescribed by UPMIFA. The following factors are considered in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of the Foundation and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the Foundation
- The investment policies of the Foundation.

As of December 31, 2021, endowment net asset composition by type of fund is as follows:

	<u>Without Donor Restrictions</u>	<u>With Donor Restrictions</u>	<u>Total</u>
Board-designated endowment funds	\$ 631,913	\$ -	\$ 631,913
Donor-restricted endowment funds			
Original donor-restricted gift amount and amounts required to be maintained in perpetuity by donor	-	212,452,994	212,452,994
Net accumulated investment income and other spendable amounts	-	44,429,652	44,429,652
	<u>\$ 631,913</u>	<u>\$ 256,882,646</u>	<u>\$ 257,514,559</u>

South Dakota State University Foundation

Notes to Consolidated Financial Statements

December 31, 2021 and 2020

As of December 31, 2020, endowment net asset composition by type of fund is as follows:

	Without Donor Restrictions	With Donor Restrictions	Total
Board-designated endowment funds	\$ 599,347	\$ -	\$ 599,347
Donor-restricted endowment funds			
Original donor-restricted gift amount and amounts required to be maintained in perpetuity by donor	-	175,938,127	175,938,127
Net accumulated investment losses and other spendable amounts	-	27,175,597	27,175,597
	\$ 599,347	\$ 203,113,724	\$ 203,713,071

From time to time, certain donor-restricted endowment funds may have fair values less than the amount required to be maintained by donors or by law (underwater endowments). The Foundation has interpreted UPMIFA to permit spending from underwater endowments in accordance with prudent measures required under law. At December 31, 2021, funds with deficiencies had perpetually restricted gift values of \$21,007,179, fair values of \$18,728,766 and deficiencies of \$2,278,412 and were reported in net assets with donor restrictions. At December 31, 2020, funds with deficiencies had perpetually restricted gift values of \$40,472,499, fair values of \$36,799,360, and deficiencies of \$3,673,139 and were reported in net assets with donor restrictions.

Changes in Endowment net assets for the year ended December 31, 2021 is as follows:

	Without Donor Restrictions	With Donor Restrictions	Total
Endowment net assets at beginning of year, January 1	\$ 599,347	\$ 203,113,724	\$ 203,713,071
Endowment net assets transferred from designation change during the year	-	543,366	543,366
Investment return			
Investment income	7,071	3,436,384	3,443,455
Net appreciation	54,344	18,617,718	18,672,062
Total investment return	61,415	22,054,102	22,115,517
Contributions including split interests	-	43,589,792	43,589,792
Appropriation of endowment assets for expenditure and transfers	(28,846)	(12,418,341)	(12,447,187)
Endowment net assets at end of year, December 31	\$ 631,916	\$ 256,882,643	\$ 257,514,559

South Dakota State University Foundation

Notes to Consolidated Financial Statements

December 31, 2021 and 2020

Changes in Endowment net assets for the year ended December 31, 2020 is as follows:

	Without Donor Restrictions	With Donor Restrictions	Total
Endowment net assets at beginning of year, January 1	\$ 315,409	\$ 171,257,484	\$ 171,572,893
Endowment net assets transferred from designation change during the year	-	(1,748)	(1,748)
Investment return			
Investment income	6,757	3,227,085	3,233,842
Net (depreciation) appreciation	54,449	18,571,849	18,626,298
Total investment return	61,206	21,798,934	21,860,140
Contributions including split interests	250,000	19,682,134	19,932,134
Appropriation of endowment assets for expenditure and transfers	(27,268)	(9,623,080)	(9,650,348)
Endowment net assets at end of year, December 31	\$ 599,347	\$ 203,113,724	\$ 203,713,071

Return Objectives and Risk Parameters

The Foundation has adopted investment and spending policies for investment assets that attempt to provide a predictable stream of income for the funding of programs supported by its endowment. Investment assets include those assets of donor-specific funds that the Foundation will designate for a specific purpose. Under this policy, as approved by the Board of Governors, the endowment assets are invested in a manner that seeks both preservation of capital and growth of capital on a real return basis. Assets allocation guidelines have been established for the endowment based on liquidity needs, risk tolerance and time horizon. The rebalancing of assets will occur as needed to stay within ranges set forth in the Foundation's Investment Policy Statement. The overall investment is to maximize the long-term investment return within a reasonable and acceptable level of risk. The primary specific investment objective is to achieve and exceed, over the long-term, the return of the benchmark asset allocation. A long-term contrarian approach will be pursued. This is expected to enhance results over the long-term but will likely result in periodic shorter-term under-performance versus benchmarks.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Foundation's policy of appropriating for distribution each year is determined on an as-needed basis subject to the approval of the Board of Governors. The Foundation's endowment pool is maintained primarily to provide for current and future distributions. To smooth the annual distributions, the Foundation applies a spending rate to the total endowment pool's average market value of the most recent twenty quarters. The spending rate applied to the average market value over the twenty quarters ended during December 31, 2021 and 2020 was 4.00%. In addition to the annual spending in support of endowed programs, the Foundation may assess an administrative fee not to exceed 1.70% of the current market value of the endowment for each of the years ended December 31, 2021 and 2020. The annual spending calculation takes into consideration the program needs of SDSU, the administrative costs of the Foundation, current market conditions, and inter-generational equity.

Note 12 - Retirement Plan

The Organization provides retirement benefits for all full-time and permanent part-time employees. There is no time of service requirement, and employees enter the plan immediately upon their hire date. The Organization is required to contribute an amount equal to each employee's contribution, up to six percent, and made contributions of \$194,686 and \$195,750 to the plan for the years ended December 31, 2021 and 2020, respectively.

South Dakota State University Foundation

Notes to Consolidated Financial Statements

December 31, 2021 and 2020

Note 13 - Functional Allocation of Expenses

The following tables present the natural classification detail of expenses by function for the years ending December 31, 2021 and 2020:

	2021			
	Program Services	Administrative and General	Fundraising Expenses	Total
SDSU scholarships	\$ 6,658,635	\$ -	\$ -	\$ 6,658,635
SDSU operational and program support	4,597,225	-	-	4,597,225

Note 14 - Commitments

Capital Contributions

The Foundation has entered into contracts to invest in various professionally managed private equity funds. Selection of these funds is based on several factors, including evaluation by the Foundation's Investment Committee and professional investment consulting firm, and occurs only upon performance of due diligence procedures that help to ensure the quality of the investments. As of December 31, 2021, these contracts require the Foundation to contribute total capital of approximately \$26,000,000, plus certain allowable expenses. As of December 31, 2021, the Foundation has contributed approximately \$19,436,000. Additional contributions related to this commitment of approximately \$6,564,000 will be paid when requested by the fund managers. The contributions are included in investments on the accompanying consolidated statements of financial position.

Building Projects

The Foundation has committed to fund selected construction projects on the SDSU campus. The Foundation's policy is to make such commitments only after 90% of the related fundraising goal has been met. As of December 31, 2021, the Foundation has committed to provide approximately \$55,640,000 for nine SDSU building projects, either yet to be started or already in progress. Through December 31, 2021, the Foundation has paid costs of approximately \$2,360,000 towards these projects.

In addition, Medary Aviation is constructing a new aircraft hangar, with a remaining commitment of \$1,240,000 at December 31, 2021.

Leases

The Organization leases certain office space and vehicles under long-term operating lease agreements. The agreements expire at varying times from 2022 to 2024.

The estimated future minimum lease payments by year are summarized as follows:

<u>Years Ending December 31,</u>	
2022	\$ 112,000
2023	100,000
2024	<u>32,000</u>
	<u>\$ 244,000</u>

Lease expense for each of the years ended December 31, 2021 and 2020 totaled approximately \$133,000.

Athletic Coaches

The Foundation has committed to guarantee financial commitments from private sources up to \$1,435,000 for costs associated with retention contracts extended to athletic coaches at SDSU.
