

**SOUTH DAKOTA BOARD OF REGENTS**

**Academic and Student Affairs**  
**Consent**

**AGENDA ITEM: 7 – C**  
**DATE: June 21-22, 2023**

\*\*\*\*\*

**SUBJECT**

**Inactivation of Outdated BOTE Articulation Agreements**

**CONTROLLING STATUTE, RULE, OR POLICY**

[BOR Policy 2:5](#) – Seamless Transfer of Credit

[BOR Policy 2:5:2](#) – External (Non-Regental System) Accredited University/College Transfer of Credit

**BACKGROUND / DISCUSSION**

The Board of Technical Education (BOTE) is the coordinating board for the technical colleges in South Dakota. Prior to the Board of Technical Education, the Board of Educational Standards had been the established board for the technical colleges. Attachment I and II provides the Board of Regents an item that was approved by the Board of Technical Education to update the current articulation agreements through inactivating those agreements no longer valid due to curricular and program changes as well as the transition from the Board of Educational Standards to the Board of Technical Education. Scott DesLauriers worked diligently with both the technical colleges and the universities to ensure that the correct outdated agreements were positioned for inactivation.

The Regental system has a process to inactivate agreements, and many have already been inactivated due to programming and curricular changes. This process further facilitated additional discussions on enhancing the process for agreements in their review and evaluation. The continued partnership between the Board of Technical Education and the Board of Regents as well as the technical colleges and universities is paramount to continued success for seamless transfer and supports the Board of Regents Strategic Plan on transfer initiatives.

**IMPACT AND RECOMMENDATION**

Board staff recommends approval.

(Continued)

\*\*\*\*\*

**DRAFT MOTION 20230621\_7-C:**

I move to approve the inactivation of the outdated articulation agreements presented in Attachment II. The Board of Regents supports the ongoing efforts between the Technical Colleges and the Universities.

Inactivation of Outdated BOTE Articulation Agreements

June 21-22, 2023

Page 2 of 2

**ATTACHMENTS**

Attachment I – Cover Item for the Board of Technical Education

Attachment II – Approved Inactivated Outdated Agreements

**SOUTH DAKOTA BOARD OF TECHNICAL EDUCATION  
ACADEMIC AFFAIRS  
DISCONTINUATION OF NON-FUNCTIONAL ARTICULATION AGREEMENTS  
MAY 25, 2023**

Over the past year, Board of Regents (BOR) and Board of Technical Education (BOTE) staff have worked with the six public universities and four technical colleges to compile and review a master index of program-to-program articulation agreements existing between the BOR and BOTE.

During the review process, Board staff requested technical college academic affairs leadership evaluate all articulation agreements adopted before January 2015 to identify whether the agreement should be discontinued or whether the technical college intended to renew the agreement in the coming years. Of the some 300 agreements that currently exist between BOR and BOTE institutions, approximately 120 are no longer functional for student transfer. Agreements may be non-functional because the agreement is for an academic program that no longer exists, outlines a significant number of courses that are no longer offered, there was some type of substantive change to an academic program's program of study that significantly impacts the agreement's viability, or the original agreement has been replaced by a successive agreement.

Typically, the BOTE does not approve new or modifications to existing institution-to-institution agreements. However, various agreements include a clause stating modifications require approval by the BOR and South Dakota Board of Education. The Board of Education, now called the Board of Education Standards, provided state-level oversight of the technical colleges until the BOTE's creation. Considering the governance transition from Board of Education Standards to the BOTE, Board staff confirmed with the Department of Education's legal counsel that the BOTE can act as the successor to the Board of Education Standards.

The proposed action that Board staff is proposing the BOTE take today is the discontinuation of the agreements outlined on the subsequent page. The BOR will take similar action at its upcoming meeting in June 2023. This action is administrative in nature to (1) ensure an accurate listing of articulation agreements between South Dakota's public universities and technical colleges and (2) ensure the intent of previous agreements is fulfilled.

Articulation agreements are vital to ensuring a smooth transition for South Dakota students as they progress from one higher education institution to another, and agreements play a critical role in guaranteeing the seamless transfer of credits. The partnership between the BOR and BOTE is strong, and both systems are committed to developing new agreements accurately reflecting the needs and expectations of South Dakota students, communities, and industry partners.
